

**From the OE Assembly  
Plant to the Local Tire Shop!**

**Bartec USA is your  
TPMS One-Stop-Shop!**

# You've probably heard it all before:

*"Programming replacement TPMS sensors is an extra step"*

*"It's easy to forget to program a replacement TPMS sensor"*

*"Replacement TPMS sensors can be programmed incorrectly"*

*"I didn't even know that the replacement TPMS sensor needed programming"*

## Error Proof Programmable Sensors - from Bartec!

**RiteSync** combines sensor programming and vehicle relearn steps!

**RiteSync** makes sensor programming a breeze!

- ☑ Works exclusively on RITE-SENSOR® and with Bartec TPMS Tools
- ☑ Accurately determine Make-Model-Year using VINdicat®
- ☑ Detect and decode TPMS DTC's and better understand the TPMS faults
- ☑ Perform the sensor programming and the TPMS relearn as ONE STEP

## All GUIDED by the Bartec TPMS Tool!

# RiteSensor®

**The TPMS Sensor that checks all the RITE boxes!**

- ☑ Programs in less than 3 seconds
- ☑ Vehicle coverage always current
- ☑ Dual frequency [315 & 433 MHz]
- ☑ Rubber valve stem standard
- ☑ Boxed kit includes the Aluminum valve
- ☑ Limited lifetime warranty
- ☑ 97% vehicle coverage
- ☑ Single SKU solution

**REPEATABLE!**

**FAST!**

**ACCURATE!**

**BARTEC  
USA**
